

SAVE OUR TRUCKERS

- **Proposed New Emission Standards threaten jobs**
 - Upgrades to comply with standards could cost up to \$10,000 per truck.
- **Excessive gas tax**
 - Wisconsin's gasoline tax is variable and stands at 32.9 cents per gallon, which is the nation's 9th highest.
- **Wisconsin one of America's most anti-business states**
 - Companies such as Newpage, Polaris, and Briggs & Stratton are leaving for other states due to the high cost of doing business in Wisconsin.
 - When companies leave Wisconsin, we lose jobs.
